Dear National Leader in Southern Africa,

Greetings from the office of the Children's Ministry Coordinator for Southern Africa, 2019+

Let's respond with the greatest love in action to the question Jesus asked Simon Peter in John 21:15 "Do you love me? feed my lambs"

IPHC Southern Africa Region, the population is 260 million people, with 60% being youth. According to *Generation 2030 Africa 2.0*: Africa's child population is projected to increase by 170 million between now and 2030, taking the number of the continent's under-18 population to 750 million.

Matthew 18:14 "So it is not the will of your Father who is in heaven that one of these little ones perish.

Do you have a strategy to reach everyone in your community and reaching out to the ends of the earth? However, more workers for the harvest field is required!

Help is at hand to train every youth and parent, 14 years and older to be able

- to communicate the gospel of Jesus Christ
- to know how to lead a child to Christ, counselling for salvation.
- to present a lesson hour, 5 steps to teach a song, a memory verse, Bible lesson, prayer and mission to children."
- to disciple the child for spiritual growth and teach the subjects for growth
- to teach children Bible Doctrine
- to pray for children, teach them to pray and focus on praying for world evangelization

Children's workers who show passion for children, commitment to teach and have a desire to develop more in this ministry work with children can pursue the following training and develop as instructor of teachers or take online courses growing to serve as a Children's Ministry Leader. Also help plan with workers to attend a Bible School.

- Children's Ministry Institute <https://www.cefsa.co.za/contact.php>
- KIDMIN ACADEMY (Online Courses) <https://web.kidminacademy.com/home/>
- Petra Institute (Online Courses) <https://www.petra.co.za/>

From you national office send a request to plan training sessions in your nation to the Regional Director for Southern Africa, Rev. Joe Delpert [joedelpertwmm@aol.com](mailto:joedelpertwmm@aol.com)

Plan to host, feed and prepare the students for training sessions. Every student should have their own Bible, notebook, pen, pencil. The time frame available for the students to receive training will determine the sessions to be presented and will be planned at request. Looking forward to hearing from you.

"WINNING ALL KIDS FOR CHRIST" - Rev. Althea Meyer, Child Evangelist
